EXPERIENCE

MITR Learning & Media   **17 January,2023- Present**
Fortunapix_phase1_2022

- Converted PDF templates to HTML for a student storybook at Fortunapix (2022) and ensured cross-browser compatibility.
- Collaborated on user-centric design and technology integration for Alef_NCE_MOE.
- Updated layouts for web platforms and developed features using HTML, CSS, and JavaScript.

Big Dreams   **01 July 2023 – 30 September 2023**

Successfully completed a 3-month internship as a web developer and WordPress developer.

AdEngage - Full Stack Devloper   **01 oct 2023**

With a solid foundation in web development, I have successfully executed a range of projects, demonstrating expertise in frontend development, responsive design, and SEO optimization. My experience includes designing and implementing dynamic user interfaces, integrating payment systems, and enhancing website functionality across various platforms. I excel in creating visually appealing and highly functional websites, ensuring an exceptional user experience and performance.

Project Experience

1. **Fort Jadhavgadh**
   Developed the frontend independently, ensuring the site was phone-responsive and SEO-friendly.

2. **Orchid Toyam Hotel**
   Designed and implemented the frontend and integrated a booking engine using JavaScript, with a focus on SEO.

3. **Pichunt**
   Worked on the frontend for a website similar to Shutterstock and Pixabay, enhancing its visual and functional aspects.

4. **Awestruck**
   Created the frontend design for an e-commerce site, integrated Razorpay for payments, and focused on user experience and interface design. The project is currently ongoing.
